THE “CLASSIC” SHALL HAVE A GOLD AND SILVER DIVISION.

GOLD DIVISION: The Gold Division will consist of the top ten (10) qualifying teams in the year-end standings. To qualify a team must fish seven (7) or more tournaments without an alternate*. If a qualifying team chooses not to fish in the Classic Gold Division, no team will be moved up from the Silver division.

SILVER DIVISION: The Silver Division will consist of all of the remaining qualifying teams in the year-end standings, which are willing to participate. To qualify a team must fish seven (7) or more tournaments without an alternate.

CLASSIC ENTRY FEE: There shall be a \$40 entry fee for the classic to partially fund the classic payout prize fund of \$3250.

CLASSIC STANDINGS: Instead of the traditional total weight used to determine year end finish, the club has implemented a point system. The point scale will be 1 – 50 with first place in a tournament earning 50 points, second place 49 points, third place 48 points and so on. A team will also receive 10 show up points for a tournament in which they enter but catch no fish. Year end standings for the purpose of the Classic will be determine by the total points earned in the 9 best tournaments rather than total weight of fish caught. For info purposes, total weight will be listed on the year end standings along side of the points.

CLASSIC PAY BACK PERCENTAGES:

Classic payback amounts are as follows: The classic payback amount for 2010 shall be \$3000 for the finish places and \$125 for one big bass award for the two days for each division. The \$3250 total prize fund will be funded by the classic entry fee and approximately \$9 from each team entry in the regular season. If the average number of boats for the regular tournaments is below 25, the classic payout may need to be adjusted down.

Classic Divisions	Gold	Silver
First Place	23% \$690	16% \$480
Second Place	20% \$600	14% \$420
Third Place	17% \$510	10% \$300
Big Bass for the two days	\$125	\$125

A team has to catch at least one keeper to collect a payout for a place finish at a regular tournament as well as the classic. Should there be a payout place that does not have a team that caught a keeper, the payout money for that place remains with the club.

CLASSIC MEAL AND HOTEL

Each qualifying team may receive a check for an amount dictated by the boat show profits and approved by the board of directors to help pay for their teams motel rooms and meals at the Classic.

CLASSIC OFF LIMITS: The classic site will be off limits to classic qualifying teams on Monday through Thursday prior to the Friday before the classic.

Ozark Mountain Anglers Bass Club, Inc.

2011 Club Tournament Rules

RULES: The following rules will remain unchanged during the year and the Tournament Director & The Board of Directors, whose decisions shall be final, will interpret these rules.

ELIGIBILITY: Ozark Mountain Anglers members (male or female) who have paid their "FULL" team entry fees. Participation in all club tournaments is open to all club members and their approved alternates. Boaters MUST be 18 years of age or older.

NOTE: Children and Grandchildren (age 14 or under) and spouses of members may be alternates at any time, including the classic, for their parent, grandparent or spouse.

Children or Grandchildren may choose to become members at age 14 or under, at the regular renewal rate and may be team members for only their parent member or grandparent member, including the classic, until they reach the age of 18 or are out of High School at that rate.

Tournaments fished and weights will count toward classic qualification when using this children, grandchildren, and spouse alternate rule.

ENTRY FEES: \$60.00 per team (boat) for all 1-day and 2-day tournaments (except for those instances where 2 days on the same weekend are designated as separate tournaments with separate entry fees).

TEAMS: A "TEAM" may consist of one (1) or two (2) persons and/or approved alternates*. If an individual wishes to be considered as a team, they may do so with all other rules applying as if it were a two (2)-person team. Two club members can fish out of the same boat as two separate teams, with two entry fees paid. Fish must be identified in live well as to team.

TEAM PAIRING: Teams will be declared each year by submission of a signed team entry form prior to the first tournament in which that team participates. The form may be presented to the tournament director either at a club meeting or at the ramp prior to that team's first tournament of the year. A team member whose partner cannot fish and who cannot find an approved alternate may fish by themselves as a team with all the rules and full entry fees applying as if there were two (2) persons fishing.

ALTERNATES: Teams may use up to three alternates during the year as needed (except in the classic)*. An approved individual alternate who is not a club member may fish only one time each year. A club member can fish as an alternate as many times as he wishes, not to exceed three times with the same member. The team weights & scores shall count as if the team fished, but the tournament where an alternate is used shall not count as one of the tournaments fished by the team in order to qualify for the "CLASSIC" or end of the year awards*. If an alternate is used, approval of the alternate should occur prior to the draw meeting if at all possible. In emergency situations, members may apply for special approval with the tournament director between the draw meeting and the tournament.

Non member alternates may not fish until they have been approved by the Tournament Director and the Board.

No "GUIDES", "PROFESSIONALS", or "LOCALS" as defined below, may be used as an approved alternate by any team unless they are members of the club.

- Guides are defined as non-member fishermen (or women) who have earned money as a guide on any lake in the last 12 months.
- Professionals are defined as non-member fishermen (or women) who have won \$5,000.00 or more in money or prizes as a tournament participant in either of the past two years.
- Locals are defined as non-member fishermen (or women) who live on or near the lake to be fished and spend time tournament bass fishing regularly on that body of water.

Possible alternates "MUST" fill out an alternate application and turn it in to the tournament director, and have it approved by the tournament director and at least one other board member before fishing as an alternate. If needed, the entire board shall rule on an alternate. A person who is not a member of the club or an immediate family member may be an alternate only "ONCE" during the tournament year.

PAY-BACK: Each year the pay back amounts, number of places paid, the percentage will be set by the Board of Directors prior to the first tournament and as soon after the Sports Show as possible, as club moneys allow. A team has to catch at least one keeper to collect a payout for a place finish at a regular tournament as well as the classic. Should there be a payout place that does not have a team that caught a keeper, the payout money for that place remains with the club.

TOURNAMENT HOURS: Tournament hours will be published each year by the Tournament Director.

DEPARTURE SEQUENCE: Take-off will be in the sequence drawn at the club meeting prior to the tournament. All ramp sign-ups must be at the tournament site 10- minutes prior to take-off time. Pre-registered entries arriving late will not be assessed any penalty for the take-off, however, see life-well check below.

TAKEOFF AND LIVE WELL CHECK: at takeoff, your boat number will be called. With your life jacket on and fastened, and kill switch attached, idle past the starter's boat and then take off.

LIVE WELL CHECK: Any pre-registered team arriving late and missing the take-off must have their live well checked by another OMA team before fishing.

WEIGH-IN: All weigh-ins will be held at or near the parking lot. Please trailer your boat with fish in the live well to this area as soon as you have checked in. All live fish "WILL" be released in the lake as soon as possible after weigh-in. Members may use their own weigh bag or one furnished by the club. One of the team members "MUST" be the person to take the fish from the live well and bring them to the scales for the weigh-in.

NETS: The netting of fish in team tournaments is allowed.

CULLING: No tournament boat is allowed to cull, or to have more than a 5 fish legal limit of tournament bass in their boat or possession while inside the buoys of the take off ramp area after tournament hours are over and prior, during, or immediately after the weigh-in. (All measuring and release of fish shall occur prior to reaching the buoyed area of the take off ramp) Any member or team found to have violated this rule shall be disqualified.

TIEBREAKERS: Stringer ties will be broken by: (1) most fish (2) lowest boat number. Big bass ties will split the big bass Pot.

CHECK-IN: One pound per minute late will be subtracted from the stringer up to ten minutes late, and then disqualification will be assessed for that day. All team boats just prior to the weigh-in may be trailered. If a team boat becomes disabled, the team's fish must be at the tournament site on time to count for the tournament, which may be by any means possible. Contestants "MUST" be inside the buoys at the take-off ramp at check-in time to avoid a penalty.

On Two day tournaments on the same lake there will be no fishing allowed after the weigh-in on the first day until take-off time on the second day. On different lakes the second lake is off limits after the first day weigh-in until take-off time the second day.

SCORING: Only largemouth bass, spotted (Kentucky) bass, or small mouth bass will be counted. Total stringer weigh per team will determine place. The limit shall be five (5) bass per team. All fish must be 15 inches in length (*except at Pomme De Terre Lake -13"*), with mouth closed and tail fanned, moved, or pinched in the same manner conservation agents check legal length. Any bass under 15 inches in length presented for weigh-in will result in the loss of that fish and a one (1) pound penalty subtracted from team's total stringer. Each dead fish weighed also receives a penalty of one (1) pound.

TACKLE AND EQUIPMENT: Only artificial lures may be used. No live bait is permitted. Tackle must be casting, spinning, or spin-casting outfits. Rods may not exceed eight (8) feet in length. All bass must be caught alive and in a conventional manner. Snagging is illegal and trolling is prohibited.

RADIOS: Transmitting of information over any radio, phone or other communication device concerning any aspect of the taking of fish during the tournament hours is prohibited.

SPORTSMANSHIP: Any contestant who willingly violates these rules or any federal, state, or local laws will be disqualified and may be terminated from the club.

Note: No Ozark Mountain Angler team boat may fish within 50 yards of any other team boat during an Ozark Mountain Anglers tournament. Doing so will result in an automatic disqualification and possibly the loss of membership in the club.

MARKER BUOYS: The use of marker buoys is permitted. A team may reserve a fifty-yard area from its boat by having their anchor down, trolling motor up, and marker buoys out.

LATE SIGN UPS: Teams will be able to sign up at the ramp for any tournament up until 10 minutes prior to take-off time at the discretion of the tournament committee. Any late entry of a team, after the draw or at the ramp, will be an additional \$30.00 (non-refundable) per team.

LATE ENTRY FEE REFUNDS: All late entry fees paid by all teams during the year will not be refunded. Late fees will go into the Club Treasury.

CLUB MOUNTING OPTION: Any bass over 8 lbs. In weight or 24" in length caught by an OMA member in an OMA tournament, will qualify for the Master Angler Award and a fiberglass mount may be done at the club's expense. The club requires that all fish be released.

OFF-LIMITS: There will not be any off-limits period prior to each regular season tournament. Refer to the sections below on permitted fishing waters for information about specific lake off limits including take off areas.

SAFETY: Each contestant is required to wear a Coast Guard approved chest-type life preserver anytime the combustion engine is operating (except inside of the take off buoys). All boats must be equipped with a 'kill' switch that must be attached to the driver any time the combustion engine is operating (except for inside of the take off buoys).

BOATS AND MOTORS: All boats must meet all B.I.A. and Coast Guard requirements. All boats must be equipped with a live well and a kill switch. Any boat 14 feet or longer will be accepted if powered by a 10 horsepower or more motor. Boats may not be trailered to another part of the lake during tournament hours. Horsepower will not exceed the B.I.A. rating.

ALCOHOL: No consumption of alcoholic beverages is allowed during tournament hours.

BREAKDOWNS: If a breakdown occurs, one or both contestants may take their fish and get into another contestant's boat and return to the weigh-in site. When transferring fish, all contestants must agree that all fish are identified the same as when they were transferred on the lake. Contestants riding back in another contestant's boat cannot fish. In case of breakdown, you are allowed to leave the lake to try to get your boat fixed or to change boats, but you must report this immediately to the Tournament Director after the tournament is over. Failure to do so could result in a penalty.

WEATHER: Should any adverse weather conditions occur at the time of take-off, the time may be adjusted "ONLY" by the Club Tournament Director & that tournaments Tournament Committee, due to boater safety and Missouri Water Patrol safe boating regulations.

PROTESTS: Protests must be filed with the tournament director or the Tournament Committee prior to the tournament results being announced at each tournament weigh in.

POLYGRAPH TEST: By his or her entry and/or participation in an Ozark Mountain Anglers team tournament, every contestant agrees to submit to a polygraph test. A test may be given immediately following any regular season tournament to any contestant who has earned a check during the year. Refusal to take this test or failure to pass the test may result in disqualification and possibly termination from the club, pending a review by the Board of Directors.

PERMITTED FISHING WATERS: All water behind the "NO-WAKE" buoys of the take-off cove shall be off-limits for fishing during OMA tournaments. In addition, the water behind the "NO-WAKE" buoys at the following Lake of Ozarks ramps will be off-limits (regardless of where the take-off cove was for the tournament).

1. Drake Harbor (Warsaw City)
2. PB2
3. Y-20 (Coffman)

Otherwise, fishing is permitted any place on the tournament lake not designated as closed water by the lake regulations. All teams **MUST** exhibit **COMMON COURTESY AND COMMON SENSE** while fishing in their selection of fishing waters. Failure to do so may result in disqualification or even termination from the club. All fishing must be done from a boat that has been inspected by tournament officials. Boats cannot be trailered during tournament hours, except just prior to weigh-in. A contestant may not leave the boat for the purpose of landing a fish or for carrying, towing, or pushing his boat to fishing waters that are otherwise inaccessible.

PENALTY FOR NOT WORKING THE ALL SPORTS SHOW

If an existing team member in good standing does not work the required hours at the All Sports Show, that team shall not receive their portion of the following club benefits during the tournament calendar year.
